

PCCS Deprescribing Clinic for mental health clients

When less is more

The first and only mental health specific, deprescribing clinic on the Gold Coast to assist GPs in reviewing their patient medication needs.

The aim of this clinic is to reduce negative patient outcomes, provide well informed care and wellbeing support.

PCCS Hub₂ in Mermaid Beach is a well-established, evidence informed and targeted centre to assist the Gold Coast community with their mental health concerns.

We have access to GPs, GCUH Psychiatry, Pharmacists, Mental Health Nurses and Allied health.

PCCS The Hub₂

2570 Gold Coast Highway
Mermaid Beach QLD 4218

Reasons to refer

Do you have a patient who is ...

- ✓ on multiple medications without recent or regular psychiatry input?
- ✓ looking to improve their current medication regime due to poor clinical response or adverse effects?
- ✓ looking to be closely monitored in reducing medications following an acute presentation or hospital admission?
- ✓ experiencing negative physical health outcomes due to their current medication regime (such as metabolic concerns)?
- ✓ is known to have mental health concerns and visits your clinic without a selected primary GP?

If the answer is yes, please contact our friendly team to discuss a plan to help.
